

Expression of Interest:

GENERAL PRACTICE WORKING GROUP

Alzheimer's Australia Vic is an organisation committed to the prevention of dementia, while valuing and supporting people living with dementia. It is estimated there are currently almost 270,000 Australians living with dementia – almost 70,000 of these in Victoria. This figure is set to increase by almost 50% over the next 10 years.

Alzheimer's Australia Vic is committed to working with GPs and their staff to provide the most up to date evidence based information, to help those working at the forefront of primary health care make early and appropriate diagnosis and referrals.

We are keen to involve GPs and General Practice staff in our General Practice Working Group and are seeking Expressions of Interest from those who are concerned about the prevalence of dementia in our community, and are keen to improve the life of those with dementia.

We are seeking the following support:

- GPs – to attend a one hour meeting 2-3 times a year
- Practice Nurse/Manager – to attend a one hour meeting 3-4 times a year

Please note that these positions are voluntary, however the donation of your time would be recognized on the Alzheimer's Australia website.

If you are interested in becoming involved with Alzheimer's Australia, please contact Diana Fayle on 9816 5792 or dfayle@alzvic.asn.au for further information, or return the form below. Thank you in anticipation of your support.

Please fax back on 9816 5733 or email to: dfayle@alzvic.asn.au
or for further information phone Diana Fayle at Alzheimer's Australia Vic on 9816 5792
